

## Ron Ronquillo

I started playing basketball when I was 6 years old. I played with Sir Charles Tupper for 5 years and helped win two city championships in grade 8 and 12. I was MVP for both championship games. I was on first team all-star for both grades, 11 and 12. Also, I lead the team for its first ever championship in lower mainlands in my grade 12 year and was the tournament MVP. I began coaching in grade 10. I coach the grade 8 teams at Tupper and also help coach FastBreak basketball which is a program for elementary kids developing basketball skills. At Tupper, I still coach the grade 8 boys and grade 10 girls and fast break basketball grades (K - 7).
