

I have competed in track and field since elementary school, specializing in the 800m after joining the UBC track and field team in 2011. I have represented UBC at the NAIA Championships for the past three years, winning the 800m and 4x800m this past season. My proudest track memory is when I represented Canada at the 2012 World Junior Track and Field Championships in Barcelona, placing 6th in the final for the 4x400m relay. I have had the opportunity to run for team BC at numerous championships, including Canada Summer Games, Western Canada Summer Games, and Junior/Senior/Legion National Championships.
