

I began playing Ultimate Frisbee in high school when I was in grade 9 and I enjoyed the sport so much that I continued to play on various summer club teams. In 2010, I was fortunate enough to compete on the U19 National Women's Ultimate Team at the World Junior Ultimate Championships in Germany. Since then, I have played at the 2012 U19 World Junior Ultimate Championships in Ireland, the 2013 U23 World Ultimate Championships in Toronto, and the 2014 World Ultimate Club Championships in Italy. This summer I will also be competing at the 2015 U23 World Ultimate Championships in London, England. Besides playing on the national team, I also currently play for the UBC Women's Ultimate Frisbee Team, where we practice several times a week and compete in the American college league.
