

I have been playing basketball since I was in grade 7/8 but sports and recreation have always played an important role in my life from dance to football with my many brothers. I played basketball with the BC provincial team for a few years in high school before moving up to Burnaby Mountain to join the SFU women's basketball program. I coached throughout my four years on the hill with various summer camps, elementary programs, and clinics. Upon finishing my university career with the clan I moved to Tanzania for a year to teach as well as become actively involved in the school's sports programs. Currently I am back at SFU helping as a grad assistant coach.
